Play along with your favorite songs.

Import songs from your mobile device to **wirelessly** play them back through your F-20 piano while you play along. You can also choose and practice songs for learning and entertaining.

Enhance daily practice with playback options like speed and pitch control, or repeat a specific section of a song.

Roland Wireless Connect allows you to Connect a Roland WNA1100-RL Wireless USB Adaptor* to wirelessly enable your F-20.

AIR PERFORMER APP

Download app for your iPhone, iPad, or iPod touch.

*Sold separately. Requires a wireless LAN access point that supports WPS.

Learn to read music the fun way.

The interactive Flash Card music game builds your listening and reading skills.

Use Contents Browser to quickly navigate the onboard sounds, songs, and rhythms on your F-20 piano.

Roland Wireless Connect allows you to Connect a Roland WNA1100-RL Wireless USB Adaptor* to wirelessly enable your F-20.

PIANO PARTNER APP Download app for your iPad.

*Sold separately. Requires a wireless LAN access point that supports WPS.

Real grand piano touch and sound.

Offering quality sound and playing touch that far exceeds other instruments in its class, the F-20 delivers solid performance that will carry your child through many years of musical development. The Ivory Feel-G Keyboard with Escapement inherits the functions, appearance, and texture of keyboards found in our flagship instruments, providing an authentic grand piano touch for building fundamental playing techniques quickly and efficiently. The famous SuperNATURAL Piano sound engine—also derived from Roland's top-line models—allows students to develop their skills with the rich tone and expressiveness of a world-class acoustic grand.

Selecting an E Piano

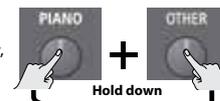

Selecting other sounds

Layering two sounds (duel)

By pressing two TONE buttons simultaneously, you can layer two sounds.

Switching sound (split)

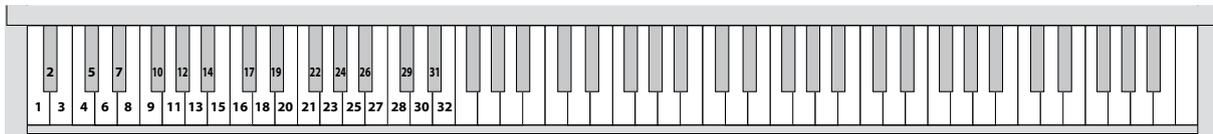

Switching the left sound	While pressing the [SPLIT] button, hold down one of the TONE buttons, and press a key.
Switching the right sound	Use the same operation as in "Selecting a Sound," above.

Play along with the band.

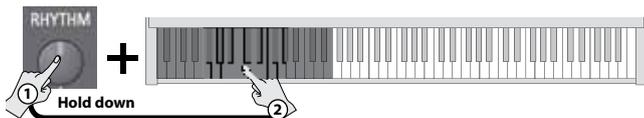

With its onboard Rhythm feature, the F-20 allows you to experience music with a beautiful backing ensemble, so they can have fun and develop their timing skills at the same time. This amazing piano automatically accompanies your playing, intelligently following with chord backing and rhythms.

Rhythm Flow

Digital Advantages

Roland Pianos include many digital advantages not found in Acoustic Pianos.

Silent practice

By connecting headphones you can enjoy the ability to practice day or night without disturbing anyone around you.

No tuning needed

Unlike an acoustic piano which requires regular tuning, Roland pianos never need tuning.

No maintenance required

Digital advantages

Built in metronome

To improve timing and rhythm.

Built in recorder

For self evaluation and song writing.

Twin piano mode

For side-by-side duet playing and teacher interaction.

Computer Connectivity

To expand your composing skills and connection to expanded educational opportunities.

Many sounds other than just piano

To explore a world of instruments beyond traditional piano.

Top quality, incredible value.

Although the F-20 will be your perfect first piano, you should know that it was designed and built by Roland, a world leader in electronic musical instrumentation for over 40 years. We've been making pianos for most of those 40 years, and you'll find our pianos and other products on stage, TV, classrooms, studios and homes all over the world. With Roland, you're purchasing a top quality, incredibly valued, high-tech piano that we know you'll want to play.

Your first ROLAND Piano.
